File No. of 190 Muzrai Secretariat.

Secretary during his inspection of the temple

Submitted:— The original Estimate was the one prepared by the Revenue department and was confined to such of the items of repairs as was urgently needed to the building. The work was entrusted to the D.P.W. and in carrying out the repairs, additional works were found necessary and the Muzrai Secretary inspected the matt on more than one occasion & in consultation with the Asst Engr. in charge of the works, and with the Executive Engineer, fresh items of works were suggested. The fresh Estimate now received includes (1) the extension of the temple proper raising the floor of the Open yard so as to improve the drainage, (2) improving the Mahadwara, (3) erecting a compound

wall, (4) dismantling the unsightly old buildings in the compound (5) providing the Garbhagudi with a dome.

The reports of the Asst Engr & Executive Engr., which accompany the Estimate, explain the necessity for the present fresh Estimate

Muzrai Secretary's Remarks:-

This temple belongs to the Sri Vyasa roya Matt and is situated in the heart of the Bangalore City in a branch of the Chikka Pet, high road. After sanction was given to the repairs it was found that the whole had to be pulled down and rebuilt from the foundation. I took this opportunity and got removed the unsightly dwellings un-

unauthorizedly built by people within the premises which were in a dangerous condition.

The revised estimate for thoroughly re - building the temple with all the connected improvements as regards drainage &c is rather high, being Rs 6930, out of which Rs. 2251 have been already sanctioned, and Rs. 2000/- already paid. The balance of the estimate may, in my humble opinion, be sanctioned and the amount placed in instalments at the disposal of the Public Works Department. The cost will have to be met from the accumulated saving of Rs. 31000/- belonging to the Matt now in Mysore Government Loan paper.

The work will be a lasting one and will be a permanent improvement effected during the Government's mamangement of the Vyasaroya Matt's affairs.

The Swamigalu has written requesting that the idols of Sri Krishna and other Gods in

in the temple should be raised from their present position and properly placed with due ceremonies. This will beduly arranged for.

I understand that the Muzrai Secretary has satisfied himself of the necessity for the several items of work provided for in the revised Estimate The rebuilding & improvement of the Temple is a proper object on which

The additional buildings now estimated for are very necessary in order to give a completion to the temple already built. The Estimate is for a large amount but the works are necessary. I think it may be sanctioned. A further sum of about Rs. 375 for Establishment & Tools and Plant at 10½% on the amount of the Estimate would also have to be sanctioned, ~~The tot~~ as it is a usual charge. Bangalore Dt.

Sir,

It has been brought to the notice of Govt. that the Sri Gopalakrishna Swami temple in the Branch Vyasarayaswami Matt building in Balepet, Bangalore city is in urgent need of repairs. I am to request the favour of your getting an Estimate prepared for renovating the main portion of the temple and forward the same to Govt. in the Municipal Dept for sanction. As the roofing &c is in a dangerous condition, it is desirable to thoroughly put it in order before the rains come

this year. I am therefore
to request the favour
of your treating the matter
as very urgent & send
up the Estimate very soon.

Sir,

With reference to your letter No. 26 dated 3rd July 1906, calling for an estimate for the repair of Sri Gopalakrishnaswami temple in the Branch Vyasaraya Dharmashatt Building at Balepet, Bangalore city, I have the honor to forward herewith copy of Executive Engineer's docket No. 3591 of 18th instant, together with an estimate for

Rs. 2038/- forwarded by him.

Docket N° 3591/1058 of 17 August 1906
from the Ex. Engineer Bangalore Dt.

Dist.

Dy. commissioners N° 58 of 4th
instant forwarding an estimate
amounting to Rs 184-3 for the repairs
of the Sri Gopalakrishnaswami
temple at Balepet in the Banga-
lore city

In compliance with the above,
has the honor to forward herewith
a modified estimate for the temple
framed after personal inspection
of the temple. The walls of the
temple have sunk about 1 foot,
evidently due to insufficient
foundation and the floors have
also settled in places. They have
therefore to be rebuilt from

foundation to top. The modified estimate exceeds the original estimate by Rs 495/ as detailed below: —

I. Excess under original items.

(a) Removing the roof	—	92
(b) Removing and refixing stone beams		33.
(c) Concrete foundation	—	89
(d) Brick in clay superstructure		59
(e) Roofing	—	33
		306
Deduct the reduction under plastering		14
Net excess		292

II Excess due to new items

(a) Covering the deities with wooden planks during the execution of work		50
(b) Scaffolding charges	—	50
(c) Reconstructing stone mantap adjoining the Mahadwara		49
(d) Parapet wall all round the top of the temple		30
Excess under contingencies		24
Total excess under new items		203
Total excess under I + II	—	495 Rs

II (1) The excess under 'a to a' is due to increase of rates which were inadequate before.

(2) — do — under 'c' due to extra foundation found necessary owing to bad soil

(3) — do — under 'd' due to increasing the width of wall from 1 1/8' to 1 1/2'.

(4) — do — under 'e' due to additional provision of roofing the Mahadwara which has lamentably settled

(5) The new items causing an excess of Rs. 203/- are all very necessary owing to the instability of the structure.

III The Archaka of the temple complain about the want of a compound wall, which seems necessary to keep off stray cattle. This is however included in the modified estimate and

and may be provided for
after completing the temple.

The Estimate for Rs. 2251/-
Sanctioned in the Proceedings
read above was for repairing
certain portions of the building
which was urgently necessary
to protect it from collapse,
but on personal inspection
~~and after~~ of the building by the Inspn
Secretary, it was found that
the whole building has to be
pulled down and rebuilt
from the foundation. A
revised Estimate was therefore
called for, for thoroughly re-
building the temple with all
the connected improvements
as regards drainage &c and

for removing the Gun Carriage

~~carriage to the fort~~

within the premises itself were all in a dangerous condition

2. As the work is a Eastern one and a permanent improvement effected during the Govt's management of T. & Vyasaraja Mutt affairs, the revised Estimate for Rs. 6930/- (including the PW charges on account of establishment & tools and plant) as sanctioned, the Charge being ordered to be met from the funds of the Mutt. The original Estimate for Rs 2257/- is hereby cancelled.

The revised Estimate from the Superintending Eastern ~~Western~~ circle which amounts to Rs 6930/- provides for all the needful improvements.

3. A sum of Rs. ~~2000/-~~ 3000/- will now be placed at the disposal of the PW Deptt from the Mutt funds on account of the work, in addition to the sum of Rs 2000/- paid to that Deptt in April last.

4. As requested by the Swamigalu of the Mutt, arrangements should be made for raising up the idols of Sri Gopala Krishna and other deities in the temple to the proper level. An Estimate of the cost involved, if any, should be submitted by the PW Deptt

Sir,

You are probably aware of the repairs sanctioned by Govt to the Sri Gopala Krishnaswamy temple belonging to the Sri Vyasaraya Swamy Matt at Balepet, Bangalore. The repairs have been nearly completed and ~~A compo~~ a compound wall has to be ~~built~~ built. The Assistant Engineer in charge of the works brought to the notice of Govt that there was

Compound wall as the
temple land had been
encroached upon by the
neighbours on all sides.
The Vice President
City Municipal Council
was therefore ~~addressed~~
requested to inspect the
building & ~~compound~~
and to mark ~~the~~ out the
site for ~~the~~ Constructing the
Compound wall. That
Officer stated ~~in reply~~ that
there has been an ~
encroachment ~~may~~ which
is evident from the Stone
pillars now standing in
the ~~Comp~~ Temple Compound.
but that as the whole question
is one of easements the
proper Course would be

to ask the Amildar
as the Officer in charge
of the Mavrai Institutions
to issue a Notice to the
parties concerned warning
them of the damage that
is likely to be caused
by our running up a Compound
wall within our own limits.
~~round the Compound.~~ I am
to direct to request
you to be so good as
to personally inspect the locality, and
to instruct the Amildar
of the Bangalore Taluk
to issue the needful
notices to the parties of
the action proposed to be taken by us.
As the Question is urgent
I request you in favour of your
prompt action in the
matter & reporting the
result at your very
earliest date.
